ANNUAL TOWN MEETING, WOLFEBORO, N. H.

March 12, 1963

Brewster Memorial Hall

10:00 A. M.

Pursuant to the foregoing warrant the meeting was called to order at 10:00 A. M. by Moderator Robert F. Thurrell.

The Moderator read the first three articles of the warrant. The motion was made by W. Fred Tuttle and seconded by Bronson Garner that the reading of the balance of the warrant be omitted at this time. Vote was in the affirmative and so declared by the Moderator.

Article 3. The motion was made and seconded that the Selectmen be authorized to appoint all other Town Officers and Agents. The vote was in the affirmative.

Balloting for officers was conducted from 10:00 A. M. to 7:00 P. M.

7:00 P. M.

Meeting was called to order by Moderator, Robert F. Thurrell. Alice A. Cole, Town Clerk and Rachael L. Jones, Deputy Town Clerk acting in their official capacity.

The Moderator asked there be a moment of silence in memory of those no longer with us.

Fred Bierweiler made a motion to dispense with the reading of the Warrant in its entirety at this time, provided that each article be read in full before being acted upon. The motion was seconded and the vote was in the affirmative.

Article 4. Dr. Lawrence S. Toms made the motion that the Selectmen be authorized to sell any property taken by tax title or otherwise. Motion seconded and carried.

Article 5. Motion made that the Selectmen authorize the Tax Collector to allow a discount on real estate taxes if paid before December 1st, at a rate of discount not to exceed the rate at which the Town can borrow money on short term notes. It was seconded and the vote was in the affirmative.

Article 6. Harold Johnson made the motion to authorize the Selectmen to hire a sum of money necessary to pay expenses in anticipation of taxes. Motion seconded and vote in the affirmative.

Article 7. Motion was made and seconded to authorize the Tax Collector to appoint a Deputy under the provisions of Section 42, Chapter 80 of the Revised Laws of 1942 as amended by Chapter 7 of the Laws of 1945. Vote was in the affirmative.

Article 8. Motion made to defer article 8 until after action was taken on Article 14. Seconded and vote was in the affirmative.

Article 9. Norman A. Hale made the motion to pass over Article 9. Seconded and motion was carried.

Article 10. David Moore made the motion the town raise and appropriate the sum of eight hundred (\$800.) dollars, to dredge out the fire hole on the Townsend Brook at the Moore farm to its original depth. Norman Hale moved the article be amended to change the amount to \$600. instead of \$800. The article was seconded as amended and was carried.

Article 11. Norman Hale made the motion to raise and appropriate a sum, not to exceed \$11,500.00 for the purchase of a power street sweeper for the Highway Department. Motion seconded. Vote was in the affirmative.

Article 12. Merwin Horn asked for clarification of article 12. After discussion on the floor, the motion was made and seconded to authorize the Wolfeboro Water and Sewer Department to borrow \$15,000. on ten year serial notes for the purpose of extending the six inch under-ground water main on Sewall Road, and install hydrants for approved class C Fire protection. Vote was in the affirmative.

Article 13. Herman E. Erickson made the motion to raise and appropriate a sum not to exceed \$150,000.00 to construct a new transmission line and substation for the Electric Department, said sum to be raised by a Bond Issue. Motion was seconded by Edwin Craigue. It was moved and seconded to vote by written ballot. Voice vote was in the negative. After a few words from the Moderator, second voice vote was in the affirmative.

Article 13. continued. Eugene Lehner, Sr. made the following amendment: I move to amend Article 13 as printed in the warrant, by adding the following words:--"and to authorize the Commissioners of the Department to contract with the Public Service Company of New Hampshire for the purchase and sale of power." Motion made and seconded to adopt the amendment. Voice vote was in the affirmative.

The vote on Article 13, as amended showed the following results: by written ballot, 285 votes were cast, necessary for 2/3 vote 190; Yes 247 — No 38; therefore it was a vote in the affirmative, and so declared by the Moderator.

Article 14. The motion was made by H. E. Erickson and seconded by L. N. Anderson to raise and appropriate the sum of \$26,200. for the purchase of a Holan Bucket Truck for the Electric Department, the sum of \$20,000. of this appropriation to be raised by Serial Notes.

John Corson moved vote be by written ballot. It was seconded and voice vote was in the negative.

Vote on the article to raise and appropriate the money was in the affirmative and so declared by the Moderator. Voice vote of 2/3 majority.

Article 8. Howard Avery made the motion to adopt article 8 as read. Edward Zulauf made the motion to amend the article for an increase of \$500. in salary of Tax Collector, George Nary. It was seconded by Dorothy Morse. Vote was in the affirmative and so declared by the moderator.

The motion on the article was seconded, and vote to adopt article 8 as amended was in the affirmative, and so declared by the moderator.

Article 15. To transact any other business. Donald Savard made an announcement that there would be a District School Meeting in the Town Hall at 8:00 P. M. on Tuesday, March 19th.

Edward Zulauf asked Civil Defense Director, William Cope, to speak on Civil Defense. In his briefing us, he mentioned that the Wolfeboro National Bank have provided a room for Fall Out Shelter and stock in the basement of their new building.

A vote of appreciation was extended to the Wolfeboro National Bank for this center in the new building.

No further business, the meeting adjourned at 8:15 P. M. and the polls were reopened.

The following were sworn into office by the moderator: Eugene Lehner, Sr., Norman A. Hale, C. H. Stockbridge, Edwin Crague, Willard Whiting, Frank Bickford, Noyes V. Moore, W. Fred Tuttle and Alice A. Cole. The others to be sworn in by the Town Clerk later.

ALICE A. COLE
Town Clerk

SPECIAL TOWN MEETING

November 5, 1963

Brewster Memorial Hall

8:00 P. M.

Pursuant to the foregoing Warrant the meeting was called to order by the Moderator, Robert F. Thurrell.

After the reading of the Warrant, the following articles were acted upon.

Article 1. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$170,000. for the following purposes, and to raise the sum so appropriated by borrowing on the credit of the Town through the issuance and sale of Bonds.

(A) To construct a new 12" cement lined cast iron water main from the Regulating valve at Pine Hill Cemetery to the Chlorinator building, a distance of approximately 6400 feet.	\$91,500 00
(B) To lay a new 10" water main to serve the new Co-operative High School.	15,000 00
(C) To install an altitude valve at the North Main Street Standpipe.	3,500 00
(D) To enlarge pumping facilities and capacity of the Sewer Plant.	60,000 00
	<hr/> \$170,000 00

Above article approved by the Budget Committee.

There were questions on this article, and Howard Avery explained these in his remarks to the voters. He also read excerpts from the engineering report to help clarify the situation.

After further discussion by others, Norman Hale made the motion to adopt the article as read. It was seconded by Howard Bean.

Voice vote was unanimous to raise and appropriate a sum of money not to exceed \$170,000. for the purposes stated above, and to borrow on the credit of the Town through the issuance and sale of Bonds.

Article 2. To see if the Town will vote to authorize refinancing of the present indebtedness of the Water & Sewer Department up to the amount of \$117,000. by borrowing on the credit of the Town through the issuance and sale of Bonds.

Above article approved by the Budget Committee.

After a short discussion on article 2, the motion was made

by Howard Bean and seconded by Howard Avery to adopt the article. Voice vote was in the affirmative to authorize refinancing of the present indebtedness of the Water & Sewer Department up to the amount of \$117,000. by borrowing on the credit of the Town through the issuance and sale of Bonds.

Article 3. To see if the Town will authorize the Selectmen to deed the Clark Shop to Everett & Meredith Albee d/b as Albee Moving and Storage for the sum of one dollar and other considerations.

There was considerable discussion on Article 3, pro and con. Eugene Lehner, Sr. made the motion to adopt the article as read. It was seconded. Lawrence Walsh moved that article 3 of the warrant be amended to include: "or whether the Town should vote to authorize the Selectmen to sell the Clark Shop to the highest bidder at this meeting or at a well-publicized public auction." The motion on the amendment was seconded. Voice vote was in the negative, on adoption of the amendment. Vote was then taken on Article 3 as it appeared in the warrant. Voice vote was in the affirmative to authorize the Selectmen to deed the Clark Shop to Everett & Meredith Albee d/b as Albee Moving and Storage for the sum of one dollar and other considerations.

Article 4. To transact any other business that may legally come before this meeting.

No further business, the moderator declared the meeting adjourned at 9:45 P. M.

ANNUAL TOWN MEETING
WARRANT
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Wolfeboro qualified to vote in Town Affairs:

You are hereby notified to meet at Brewster Memorial Hall in said Town on the second Tuesday of March next, from ten A. M. until 8 P. M. for the casting of ballots, and at 7 P. M. to act on the following articles:

ARTICLE 1. To choose a Town Clerk, one Auditor, for two years, Treasurer, Collector of Taxes, and Town Constable for the ensuing year, one Selectman for three years, one Trustee of Trust Funds for three years, one Library Trustee for three years, one Water and Sewer Commissioner for three years, three members of the Budget Committee for three years, two Parks and Playgrounds Commissioners for three years, one Fire Commissioner for three years, one Municipal Electric Light Commissioner for three years, and one or more Overseers of the Poor for one year.

ARTICLE 2. To choose one highway agent, or to instruct the Selectmen to appoint one Highway Agent.

ARTICLE 3. To choose all other Town Officers and Agents.

ARTICLE 4. To see if the Town will authorize the Selectmen to sell any property taken by tax title or otherwise.

ARTICLE 5. To see if the Town will vote to instruct the Selectmen to authorize the Tax Collector to allow a discount on real estate taxes if paid before December 1st, at a rate of discount not to exceed the rate at which the Town can borrow money on short term notes.

ARTICLE 6. To see if the Town will authorize the Selectmen to hire a sum of money necessary to pay expenses in anticipation of taxes.

ARTICLE 7. To see if the Town will vote to authorize the Tax Collector to appoint a Deputy under the provisions of Section 42, Chapter 80 of the Revised Laws of 1942 as amended by Chapter 7 of the Laws of 1945.

ARTICLE 8. To see if the Town will approve and adopt the recommendations of the Budget Committee and raise and appropriate the various sums contained in the report and listed in the Budget.

ARTICLE 9. To see if the Town will vote to raise and ap-

propriate the sum of \$1038. for the purchase of life, accident, and health insurance for all Town employees who earn a minimum of \$1800. a year and work at least 30 hours a week, the amount of life insurance to be \$1000. for those under 65 years of age and \$500. for those 65 years of age and over and the amount of accident and health insurance to be \$100. a month commencing one month after disability but limited to one year except that payments for accidental injuries occurring off the job shall continue for five years. (If this article is adopted, employees of the Municipal Electric Department and the Water and Sewer Department will be so covered, the cost for these employees to be paid by the respective departments.) Approved by the Budget Committee.

ARTICLE 10. To see if the Town will vote the following Roads or Portions subject to gates and bars:

1. The North Wakefield Road
2. The Bickford or Maplecrest Road from the intersection of Chick Road to the Stoneham Road

ARTICLE 11. To choose Delegates to the Constitutional Convention.

ARTICLE 12. To vote on the Question "Shall sweepstake tickets be sold in this city or town?"

ARTICLE 13. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and sixty four.

LAWRENCE S. TOMS
EDWARD W. ZULAUF
NORMAN A. HALE

Selectmen of Wolfeboro, N. H.

A True Copy—Attest:

LAWRENCE S. TOMS
EDWARD W. ZULAUF
NORMAN A. HALE

Selectmen of Wolfeboro, N. H.

Selectmen's Progress Report

General Items:

1. The following roads were added to the Town Highway system:

Anagance Lane

2. The dead shade trees along the town roads, which were the responsibility of this office, were removed wherever it was deemed necessary. With the abutter cooperation, new trees were planted out of the right-of-way so that salt damage will be negligible.

3. A new agreement with the Berry Company, concerning the use of flowage from Lake Wentworth, was concluded and signed. This agreement is printed in its entirety following this report. Under this agreement the lake level was lowered during the month of October. Many frontage owners made repairs to docks and beaches at this time, as well as some small repairs were made to the face of the Smith River Dam.

4. With the cooperation of the Municipal Electric Department, the tax accounting system was further expanded to include the Tax Collector's Warrant. Utilizing the plates already made, all property owners received inventory blanks. Heretofore, only non-residents were sent these blanks.

5. The Libby Museum Park was brushed out, and the trees thinned by the Highway Department. It is hoped that in the future this area may be used by the public as a park as specified under the will of Mr. Libby. The museum had another successful year under the capable direction of William Carpenter.

6. Under the supervision of Mr. Clifford Stockbridge, the appearance of the several town dumps, as well as the maintenance was improved.

7. The Selectmen, Commissioners, and the Superintendents of all Town Departments have been meeting once a month. These meetings have been quite helpful in keeping all departments abreast of activities of one another. The discussions of problems, present and future, has lead to a more unified system of town government.

8. At a Special Town Meeting, the Town voted to deed the Clark Shop to the Albee Moving & Storage Company. Thus Albee Company was able to vacate the Beli Shop, making room for Malone Knitting Company to take over the building and increase their manufacturing facilities.

9. The untimely resignation of the Permit Officer forced

the Selectmen, as the appointive body, to assume his duties. Under these conditions, counsel was retained to improve enforcement of the Ordinance.

In the future, the following areas of town government and responsibility must be considered for improvement.

1. A consolidation of all town offices to include the Municipal Electric Department, Improved District Court room, and Judges Chambers.

2. A long range plan for the improvement and maintenance of all town highways and bridges.

3. The expansion and development of town owned summer recreation facilities, especially those for young people.

4. Lastly, a word about taxes. Following this report, are several graphs which are self explanatory. Stabilization of the ever increasing tax rate can only be done by the action of the Budget Committee and/or the Town Meeting. In the last analysis, the Town of Wolfeboro will spend only the amounts authorized by its citizens in their Town Meeting.

AGREEMENT

WHEREAS Smith River Corporation, a duly organized New Hampshire corporation with its principal place of business in Wolfeboro, in the County of Carroll, in the State of New Hampshire (hereinafter called the "Corporation") conveyed to the Town of Wolfeboro, a municipal corporation in said County and State (hereinafter called the "Town") by deed dated April 12, 1958, recorded in Carroll County Registry of Deeds, Book 326, Page 291, a certain dam at the head of Smith River at the outlet of Crescent Lake, in said Wolfeboro, called the Upper Dam or Dam "A" together with the land upon which said dam stands and certain rights and easements owned by the Corporation in connection therewith; and

WHEREAS the Corporation and its predecessors in title have for many years carried on operations on Smith River, downstream from the Upper Dam, which utilize the water power of Smith River and propose to carry on said operations in the future; and

WHEREAS the Town of Wolfeboro acquired the Upper Dam and water rights to improve the recreational values of Crescent Lake and Lake Wentworth; and

WHEREAS it now appears that the method of impounding and discharging the waters of Lake Crescent and Lake Wentworth by means of the Upper Dam as hereinafter set forth is consistent with the maintenance of recreational values and that this agreement will be mutually beneficial to the parties hereto:

NOW THEREFORE in consideration of the covenants and agreements hereinafter set forth the parties hereto agree as follows:

(1) The Town hereby confers permission upon the Corporation to, and the Corporation agrees to, manage and operate the Upper Dam, without flashboards thereon, and the discharge gates in the manner hereinafter set forth and the Corporation agrees to make recommendations to the Town as to all needful repairs and maintenance which shall become apparent to it as a result of operating the Upper Dam.

(2) The Corporation shall have the right to use without charge or payment to the Town all waters that may be impounded and discharged by and through the Upper Dam at any point on Smith River between the Upper Dam and Lake Winnepesaukee where it shall own or have lawful possession of the riparian rights required to make such use lawful.

(3) The Corporation agrees to so operate the discharge

gates in the Upper Dam that the water levels behind the Upper Dam will be maintained as follows:

- (a) On June 1 the water level shall not exceed 34.70 on the gauge as now mounted on the gate structure in the Upper Dam (said gauge being calibrated in feet and tenths of a foot).
- (b) Except as provided in paragraph (c), from June 1 through Labor Day the water level shall not exceed 34.70 on the gauge or fall below 32.20 on the gauge.
- (c) The Town shall have the right to require the Corporation to lower the level of the water impounded by the Upper Dam at any time between June 1 and Labor Day by any number of stated inches and upon such lowering the minimum level stated in paragraph (b) shall be lowered by an equal number of inches.
- (d) From the day after Labor Day to June 1 the surface of the ice level shall not exceed 33.70 on the gauge during the periods when Crescent Lake and Wentworth Lake are frozen.
- (e) Once in each five year period, upon request of the Town, following Labor Day the water shall be drawn down to 29.70 on the gauge by October 1 and shall be maintained not higher than 29.70 on the gauge during the month of October for the purpose of permitting riparian owners on Lake Wentworth and Crescent Lake to do work on their lands.
- (f) In order to insure the safety of the Upper Dam, the water level shall be so managed that the water will not flow over its crest.
- (g) The Town and the Corporation shall have the right by mutual agreement in writing to vary temporarily the management of the water levels as herein set forth.

It is understood that precipitation or drought or damage to or destruction of the Upper Dam or the discharge gates or similar act of God not reasonably to be anticipated may make maintenance of the water levels as hereby prescribed impossible to maintain and in any such event the Corporation shall not be in default on account thereof; provided however, that in the event of unanticipated precipitation the Corporation shall take immediate action to restore the water level within the limits hereby prescribed. In the case of drought to the extent that a two and one-half foot draw from June 1 through Labor Day does not yield sufficient water for the purposes of the Corporation the

parties will upon request by the Corporation, provided that the Corporation has made reasonable effort to conserve water, confer with respect to agreeing upon a temporary variation to permit the Corporation additional draw.

Within the limits herein set forth the Corporation shall have the right to impound and release water by means of the Upper Dam in such manner as it shall desire.

As presently constructed the permanent crest of the Upper Dam at its highest point next to the gate structure is at elevation 34.70 feet on the gauge which is at elevation 534.55 by U.S.G.S. measurement as evidenced by a bench mark at U.S.G.S. elevation 534.55 cut into ledge in the form of a cross which is located approximately five hundred feet downstream from the Upper Dam on the northeasterly bank of Smith River at a point about fifteen feet distant from the edge of the River. The parties agree that a plan showing the location of said bench mark will be prepared and, when completed, shall be attached to this agreement.

It is understood that the foregoing is subject to variation to comply with lawful orders of the New Hampshire Water Resources Board issued to insure the safety of the Upper Dam.

(4) The provisions of paragraph (3) of this agreement shall not be changed in any significant respect or in any agreement between the parties taking the place of this agreement without the unanimous approval of the Board of Selectmen of the Town.

(5) It is understood that the Town has rebuilt its wharfs at Mast Landing on Lake Wentworth so that a water level of 35.30 on the gauge will not interfere with their use and that the Town has reconstructed the south abutment of the Upper Dam in such manner as to prevent water passing around the south end of the Upper Dam except under extraordinary flood conditions. The Town agrees that as soon as water conditions permit in 1963, it will reconstruct the crest of the Upper Dam in masonry to a height substantially equal to 34.70 on the gauge.

(6) It is agreed that if in the opinion of the Selectmen of the Town, the Corporation, its successors and assigns, shall not be complying with the method of operation herein contained, the Selectmen, or their successors in office, shall notify the Corporation, or its successors and assigns, of its noncompliance and if compliance has not been restored within ten days, they shall have the right immediately to enter and assume direct control and management of the Upper Dam and its gates without the necessity of action, either in law or in equity, and may terminate this agreement by delivering written notice of termination to the Corporation upon a day certain.

(7) The Corporation shall furnish the Town with a duplicate set of keys to all locks associated with the Upper Dam or its approaches.

(8) The Corporation agrees to operate the Upper Dam and discharge gates with due regard to the rights of other riparian owners on Smith River.

(9) This agreement shall continue in effect for a period of three years from the date hereof and thereafter from year to year unless and until either party shall terminate this agreement upon any anniversary date by giving written notice of termination to the other not less than ninety days prior to any such anniversary date.

(10) The termination of this agreement under the provisions of either paragraph (6) or (9) shall not thereafter make unlawful the use by the Corporation or its successors and assigns of water released from the Upper Dam.

(11) Neither this agreement nor any provision herein contained shall impose any obligation upon either party hereto to maintain the Upper Dam or its gates, abutments and appurtenances or to make repairs, replacements or improvements thereto or to replace the Upper Dam in the event it is destroyed; provided however, that the Corporation or its successors and assigns shall have the right to make repairs to the Upper Dam, the discharge gates, abutments and appurtenances upon notifying the Town of the repairs it desires to make and securing the approval of the Town thereto which approval shall not be unreasonably withheld.

(12) This agreement may only be assigned by the Corporation in connection with a sale of its developed water power on Smith River and with the consent of the Town which shall not be unreasonably withheld.

IN WITNESS WHEREOF the parties have set their hands and seals this 9th day of March, 1963.

BUDGET COMMITTEE'S REPORT

The combined appropriations for the Water and Sewer Department and the Electric Department are \$504,650.56 for 1964 and this is offset by a like amount of income so that the tax rate is not effected.

Deducting this amount leaves a recommended budget of \$250,669.63 which compares with \$252,075.63 actually appropriated last year. Estimated revenues for 1964 are \$71,313.81 which compares with \$60,748.82 for 1963. However, the savings reflected in this portion of the budget will only partly offset the increase in taxes made necessary because of the new school system, which have been estimated to require an increase in the tax rate based on last year's valuations of \$8.08.

Included in this year's recommended budget is \$3,400.00 for replacement of the ceiling in the Libby Museum which is in a dangerous condition and \$2,800.00 to construct a new road between Clark Road and Brewster Beach to comply with the request of Brewster Academy to eliminate travel on the campus.

WATER AND SEWER DEPARTMENT

The income and expenses of this self-sustaining department do not effect the tax rate. Included in this budget is \$170,000.00 previously authorized to be borrowed and expended on an expansion program to meet future needs.

ELECTRIC DEPARTMENT

The estimated income and outgo of this self-sustaining department is \$270,000.00 and the tax rate is not affected. The new high-line authorized last year has been completed and is in operation.

Respectfully submitted,
Wolfeboro Budget Committee

Eliot U. Wyman, Chairman, Cecil E. Corkum, Clerk, Howard E. Bean, Ford J. Smith, John P. Lillis, Gerald F. Briggeman, Howard C. Avery, W. Fred Tuttle, Philip Thurrell, Donald E. Savard for the School Board, Edward W. Zulauf for Selectmen.

TAX COLLECTOR'S REPORT

This is my fourteenth year as your Tax Collector. Each year seems more challenging and interesting than the preceding one. I find that people are more tax conscious, as Mrs. Nary and I receive many more inquires at home nights and Sundays, plus those by mail, than we did a few years ago.

A few outstanding facts should be of interest.

For the Tax Year of 1950, the Property Levy to be raised by taxation was \$192,185.99, while for 1963, the Property Levy was \$484,375.10 raised by taxation.

It cannot be emphasized too strongly that Poll and Head Taxes are Demand Taxes, and are due when the bill is presented. Should a person who is liable not receive a bill, it is that person's responsibility to ascertain why.

Persons signing an application for a driving license, registration of a car, fishing or hunting license, should read carefully the affidavit before signing, as the Poll and Head Taxes for the previous year must be paid before applying.

Tax payers applying for the Veterans Exemption need to be sure that ALL outstanding taxes are paid by April 15th of the year following the levy. The application must be filed by April 15th. Last year a number of applications were disallowed.

Persons involved in the transfer of property should notify the Board of Selectmen of such a transfer, giving the name and address of the new owner. When there is a change of address, the Board of Selectmen and the Tax Collector should be notified. Each year many tax bills are delayed in mailing because of the lack of an accurate address.

Boat taxes, being Personal Property Taxes, action can be taken to collect fourteen days after delivery of tax bill.

If there is any question as regards a tax bill it should be inquired into promptly, in order to avoid interest charges for delayed payment after December 1st of the tax year.

The Tax Collector maintains regular office hours three days a week, Tuesday, Thursday, and Saturday, from 9 A. M. until 1 P. M., at the Town Offices, and is available at home. Part time Tax Collectors are only required by Statute to be at the Town Offices one day a month. The Tax Collector of Wolfeboro is classified as a part time officer, and so compensated.

GEORGE W. NARY
Tax Collector

REPORT OF HEALTH OFFICER

James E. Bovaird, M. D.

Wolfeboro, N. H.

December 23, 1963

Subject: Report of Health Officer

The past year has been an essentially healthy year with no epidemics of any consequence. Influenza cases were few in number and not too severe due to fairly widespread immunizations. No case of poliomyelitis was reported which would seem to indicate the efficacy of the Sabin and Salk vaccines.

A new vaccine, for the prevention of measles, has been brought out this year. It is still somewhat expensive, but is efficient in protecting against measles, and is most indicated in infants and in children under the age of 4 years, in which age groups the more serious complications of measles occur.

We have escaped infectious hepatitis so far, although much of the State of New Hampshire has had considerable cases, and our neighboring towns have had mild epidemics. It is to be noted that hepatitis is spread through fecal contamination and that frequent and thorough washings of the hands is a fair preventive measure.

Contamination of our water supply from water from Lake Winnepesaukee necessitated advice from the State Board of Health to boil the water that we used for drinking for a period of several days. This situation occurred this summer and caused some concern and produced many rumors, but the water supply was given a clean bill of health after a series of tests. It is hoped that the plans of the Water Department will furnish a more adequate water supply during the summer months when the demand is so great.

Respectfully submitted,

(Signed) James E. Bovaird, M. D.
Health Officer

TOWN ROAD AID

Pork Hill has been sealed and driveways completed.

Beach Pond Road has had more trees cut, brush burned, new culverts with banks cut back, and fill has been put in low places from Ernest Kenney's to hill by brush dump.

TOWN ROAD CONSTRUCTION

Varney Road graveled and one coat of tar.

Canopache Road graveled and one coat of tar.

Anagance Lane has had one coat of tar.

Cotton Mt. has been rebuilt from Dallas Road to M. L. Tyler and had one coat of tar.

River St. has been completed.

ROADS RESURFACED WITH TAR AND MIX JOBS

Friend St.

Cotton Mt. Hill and top of mt. to line

College Rd.

High St.

Birch Rd.

Allen Rd.

There has been two mixes of patch for summer, also we have on hand about 200 tons of mix for spring use.

TOWN ROADS

There has been a great deal of sand and gravel put on the back roads during springtime, also culverts replaced, catch basins

cleaned and many ditches cleared. Dead trees and brush has been cut and mowing done on all of the back road sides.

The Highway Department is in charge of all three dumps and rubbish and garbage is picked up every day around lake fronts. The Highway Department works with all other departments when needed and with the selectmen on special appropriations.

Our new street sweeper came very late for spring sweeping, although we have increased our street sweeping far beyond any other year, using only one man for sweeping and picking up. This year it will show a large saving as the rest of the department will be able to work on other roads.

CLIFFORD H. STOCKBRIDGE
Highway Agent

Wolfeboro Water and Sewer Department

SUPERINTENDENT'S REPORT FOR 1963

WATER DEPARTMENT

Wolfeboro, N. H., January 15, 1964

It was quite a year, what with work that was scheduled, and work that was brought on during the drought, even though we were much better off than a lot of towns, and people who were on wells.

Work scheduled on the wild line and at North Main Street stand-pipe for 1964 should be a great help but not a cure-all due to the constant expansion of the system.

The curfew on garden hoses will have to be automatic from now on, until such time as lines can be increased to sizes adequate for all domestic use. From July 1st through August 31st, garden hoses may be used from 7:00 P. M. - 10:00 P. M. only. Department asks full cooperation on this regulation as it is very distressing when your neighbor calls and asks how come you can water and he can't. In the past, the Department has been called out as early as 6:00 A. M. on Sunday morning to check violators. Please cooperate. We have a thousand eyes.

Due to low pressure in South Wolfeboro beyond the Armory, it was recommended we install a pump in this line. A 1 1/4" pump with a 515 gallon storage tank was installed in an underground pit for better service.

354 feet of 6 inch Universal pipe was laid on Lakeview Terrace.

1386 feet of 6 inch Universal pipe was laid on Sewall Road.

72 feet of 4 inch Universal pipe was laid on Highland Terrace.

1000 feet of 10 inch Cement Line pipe was laid in back of new High School for future use. This was done now due to land damage it would cause later.

273 feet of 1 inch galvanized pipe was laid on Holden Shore for Summer line.

483 feet of 1 inch galvanized pipe was laid on Kingswood Shore for Summer line.

672 feet of 1 inch galvanized pipe was laid on River Street for Summer line.

116 feet of 1 1/4 inch galvanized pipe was laid on Belknap Street for year round service.

588 feet of 1 1/4 inch galvanized pipe was laid on Forest Road for Summer line.

Repairs were made on regulating valve at Pine Hill Cemetery; also on altitude valve at South Main Street standpipe.

900 pounds of copper sulfate was put in Beech Pond to do away with algae (fish taste).

19 New year round water services were connected.

14 New Summer services were connected.

10 Services were changed from Summer to all year round on Sewall Road.

2 Reconnected main to curb.

New 4 inch line connected for Regional High School.

39 Repairs to service - all year.

2 Repairs to service - Summer.

11 Repairs to mains - all year.

17 Repairs to mains - Summer.

11 New water meters were installed in Service stations.

4 Services curb to house replaced.

1 New hydrant installed on Sewall Road extension.

2 Hydrants replaced - Green Street and Factory Street.

6 Repairs to hydrants, including moving hydrant in front of Stevenson house on North Main Street back 6 feet.

All air cocks on wild line were either repaired or replaced.

The chlorinator building was completed except for wiring and installing chlorinator. This will be done as soon as possible.

I wish to thank all Departments, my crew and the Commissioners, for their help and cooperation.

H. FRED OSGOOD
Superintendent

SUPERINTENDENT'S REPORT FOR 1963

SEWER DEPARTMENT

Wolfeboro, N. H. January 15, 1964

This Department is slated for a number of changes in 1964. Some are due to the new Regional High School, but most of them are due to past and future expansion. What with automatic washers and garbage disposal units, there is more and more use added even to old services.

There will be two (2) new pumps installed in the Factory Street lift station with new switches. The force main out of this station, which runs as far as the railroad tracks, will be extended to the main pumping station on Mill Street.

The Mill Street station will also have two (2) new pumps plus a new venturi meter for recording the flow to the filter beds.

Parts of the main line on South Main Street will have to be changed because of its size. From the new Bank to Crescent Lake Avenue is six (6) inch akron pipe. This line handles all sewerage South of Crescent Lake Avenue on both sides of South Main Street. The six (6) inch will not be disturbed due to the houses that are connected to it. A new eight (8) inch line will be laid part way down Crescent Lake Avenue and then cross-country to the Factory Street lift station.

1500 feet of eight (8) inch Transite pipe with manholes are to be laid for the new High School. 403 feet with three (3) manholes has already been installed. This was done now due to the grade back of the new school by the contractor. This extension to be paid for by the school.

244 feet of 6 inch Transite pipe was laid on Center Street, taking in three (3) more houses.

The Department answered 38 trouble calls, eight (8) of these were main line.

- 5 New services were connected.
- 4 Repairs to services.
- 2 Repairs to mains.
- 3 Manholes had to be repaired.

We have yet to get much cooperation from the people with cellar drains going into our sewer lines. It is very costly, but the day is coming when the Department will have to investigate each cellar for violators. We will be more than glad to help any people that have this problem.

H. FRED OSGOOD
Superintendent

PARKS AND PLAYGROUNDS

COMMISSION REPORT

The past year has seen many worthwhile achievements completed or worked on as follows:

Ski Slope. New skids were attached to the moveable frame which holds the single return wheel for the rope at the bottom of the tow line. Two new poles were set with sheaves attached to keep the rope more in line and off the ground at the bottom and top of the tow line. New bearings were machined into the return wheel at the bottom of the tow line in order to take a tremendous amount of wear and tear off the rope. The new trail which was built last year was widened and groomed for better and safer skiing. Due to the stretching of the tow rope a new "dead man" was put into the ground to anchor the bottom of the tow line. Fences at the bottom around base of tow line were all painted. Two fences were relocated to make the hill safer for skiing. A new 10 foot section of culvert was added to the right side of the new entrance road to the ski slope which with added gravel makes the road of equal width across the swamp. A heavy duty battery was purchased for ski tow motor.

The Brewster Beach signs at the head of the beach road were renewed. The water fountain at the beach was put in working order with a complete new unit. A styrofoam raft was made and anchored close to shore for the younger children. The child's slide was resurfaced and repaired. The life guards' boat had extensive repairs and was painted inside and out. The beach itself was completely resurfaced and widened. All the grass and bushes near the beach were bulldozed into the swamp directly in back on the beach area and 48 loads of fill or good beach sand were hauled in and graded. This operation made the beach almost twice as big as it used to be. Extensive repairs had to be made to all bath houses and toilet houses. This damage was caused by vandalism.

A lease agreement has been negotiated and approved from the Brewster Academy trustees for a period of three years with options to renew for the use of the beach by the town.

Respectfully submitted,
GORDON D. SWAFFIELD
Chairman

Report of the Public Health Nursing Committee

1963

With the splendid cooperation of Wolfeboro and Tuftonboro citizens, the Public Health Nursing Service had a very successful and busy year. Mrs. Elizabeth Brown, R. N. continued to serve as Public Health and School Nurse. While Mrs. Brown was on vacation, the district was covered by Mrs. Nancy Bean, R. N., Mrs. Glenna Lillis, R. N., and Mrs. Elizabeth Warner, R. N.

The various services provided by the Public Health Nursing Committee through the assistance of numerous individuals, are as follows: Public Health Nursing Visits - 302, Miscellaneous home visits - 244, Doctors office and hospital visits - 31, Immunization clinics; Sabin oral vaccine, all three types - 1622, Influenza (teachers) - 10, Diphtheria, Pertussis, Tetanus - 72, Smallpox - 94.

The above clinics were held at the schools and at Huggins Hospital with Doctor Gregory in attendance.

A Dental Clinic was conducted from January through June with Doctor Kipp and Doctor Brodrick.

The Orthopedic Clinic was held at Huggins Hospital in April with Doctor Halfman in attendance. Twenty-four children were examined. Five children were referred for operations which were performed by Dr. Halfman at the Huggins Hospital. The "Polio" Foundation and the Crippled Children's Service cooperated in sharing the cost of these operations.

A total of 572 Physical Examinations were conducted by Doctor Gregory on the Carpenter and Tuftonboro 1st, 3rd, 5th and 7th grades, the South Wolfeboro Students, the 9th and 11th grades of Brewster Academy, together with the Athletic teams of the above schools. In conjunction with these physical examinations, vision screening, audiometry and heights and weights were done with the assistance of the Public Health Committee.

Tuberculosis "patch" tests were done with Miss Catherine Aguirre, State "TB" Nurse, on the Carpenter and Tuftonboro 1st, 4th, and 7th grades and all the South Wolfeboro Students.

Hemoglobin tests were completed by Mrs. Ann Bierweiler and Mrs. Lucille Fahlman on the Carpenter and Tuftonboro 1st, 3rd, 5th, and 7th grades and on all the South Wolfeboro Students. As in the past, the number of children not passing the hemoglobin

test in the first grades were much higher than that of the other grades.

The Nursing Committee and the Association are ever grateful to the many organizations and individuals who contribute their time, money and facilities which make possible the continuance of this worthwhile program.

Respectfully submitted,
SADIE F. THAYER, Chairman
(Mrs. Jerry L. Thayer)

Report of the Wolfeboro Youth Center, Inc.

The Wolfeboro Youth Center Inc. continues to be the home of the Boy Scouts, Girl Scouts, and the Cooperative Kindergarten. Two new groups have been holding regular meetings at the Youth Center, namely the M and M group of the First Baptist Church and the Junior Chamber of Commerce.

During the late winter of 1963 the Brewster Academy French Club, under the adult supervision of several parents, used the facilities of the building on Friday and Saturday evenings for dances and general get to-gethers.

The new room was completed and the kitchen facilities improved. A new stove and refrigerator were purchased. The Boy Scouts made necessary improvements in the old toilet room, transforming it into an excellent closet with fine storage facilities for the Boy Scout camping equipment.

The Directors of the Youth Center meet regularly to plan for the maintenance and improvements of the building.

The Youth Center is available for use by organized youth groups, on a cooperative basis within scheduling limitations.

The Directors wish to thank everyone who has helped during the past year, especially the Wolfeboro Lions Club and all of the Town departments.

Respectfully submitted,

CHARLOTTE G. McDERMOTT
Secretary

Report of the Librarian

To the Board of Trustees of the Wolfeboro-Brewster Memorial Library:

Gentlemen:

The report of the librarian for the year ending January 1, 1964 is herewith presented:

The year 1963 was an unusually busy one as a comparison of figures would indicate. The circulation was higher than in any previous year, and the amount collected for overdue books and books damaged and lost was the highest also. However, the librarian is rather proud of the fact that for two consecutive years all books lent to summer patrons were either returned or payment made for loss of the books.

The high-light of the year was the purchase of a new charging desk, smaller desk for the typewriter and supplies, and a posture chair, making a very attractive, spacious, and useful unit. In appreciation of these acquisitions, open house was observed in August, at which time the trustees and their respective wives or husbands cooperated with the librarians in the serving of refreshments. There was a small display of books, pamphlets, and maps relating to this area.

With the cooperation of Mrs. Isabelle Shipman, Mrs. Elizabeth Crawford, and the Reverend Benjamin Hamblett, the book service to shut-ins which was begun by Mrs. Norman Hale

last year has continued throughout the year. This is a service which seems to be very much appreciated.

National Library Week and Children's Book Week were observed at the library with displays of new books and material in keeping with the occasion as was the case in the observance of holidays and special events. Children's Book Week was further celebrated by a collection of new books in Mr. Parson's store window and the telling of stories by the librarian to the pupils in the lower grades at Carpenter School. At Christmas time, the fireplace was opened and the mantel decorated.

The librarian and assistant librarian presented a program of book reviews at a meeting of the Women's Society of the Congregational Church, when they reviewed books which were listed on the Congregational-Christian reading list, and the librarian spoke at a meeting of the Tuftonboro Historical Society on the subject "Books about New Hampshire."

During the year, the librarian attended the annual meeting of the New England Library Association at Wentworth by the Sea, and three librarians alternated in attending the annual meeting of the New Hampshire Library Association which was held in the same hotel.

Throughout the year an attempt has been made to meet the requests of patrons as they strive to compete and progress in an ever changing scientific world. The purchase of inexpensive pamphlet material, the loan of books from the State Library, and the gift of many books including memorial books, have been of in-estimable value in carrying out the objective.

As this report will indicate, the number of books donated this year has exceeded all previous years. For all of these gifts the librarian expresses special thanks.

The circulation of books and magazines for the year was 36,725 of these classes: adult fiction, 14,894; non-fiction, 9,471; children's, 12,360. Five hundred and fifty-four new cards were issued. The largest day's circulation was 319 and the smallest 26. Eight hundred and forty-nine new books were added, and of this number one hundred and seventy-six were contributed. Two hundred and fifty-three books were borrowed from the State Library by mail, and 647 by Bookmobile, a number which is consistently large.

LIBBY MUSEUM TRUST

Trustees of the Libby Museum
Wolfeboro, New Hampshire

Dear Sirs:

Again, this year was a successful one at the Museum in every respect. Our income for the summer was as follows:

Donations	\$925 10
Paintings	28 00
Maps	11 35
Post Cards	11 05
	<hr/>
	\$975 50

We had visitors from thirty-nine states and eleven foreign countries. Several people donated gifts to our ever-growing exhibit.

The plantings in front of the building, which were placed there a year ago through the combined efforts of the Garden Club and the Museum, are beginning to grow and are helping the building blend into the landscape.

The two clothes line art exhibits drew large crowds. As usual, once the people had stopped to view the exhibit they took time to come into the Museum.

The Museum was once again fortunate in having Wes Warren and Bruce Tibbetts offering art lessons. Several people showed interest in these lessons.

The Museum ceiling is desperately in need of being replaced. As was mentioned last year, it should be completely replaced before another season. At the same time new lighting should also be installed.

At this time I would like to thank the Selectmen, Mrs. Cole, Mrs. Jones, Mr. Fuller, and my assistants, Doug Gray and Steve Jones for their help which they gave to me.

Sincerely,
WILLIAM B. CARPENTER
Director

Marker at Museum

Wolfeboro Historical Society

Wolfeboro, N. H.
December 17, 1963

The Board of Selectmen,
Wolfeboro, New Hampshire

Gentlemen:—

The past year has been a busy one for the Wolfeboro Historical Society. The Early American Living Museum buildings were kept open until the middle of September and we had well over 1200 visitors; our largest season's attendance to date. Our untiring hostesses, Mrs. Hamm, her granddaughter, Marian, and Mrs. Witham, even took care of special groups outside of regular visiting hours.

The Program Committee, Mrs. Herbert, Chairman, gave us an interesting series of meetings; that of August 7, was unusual since we entertained the New Hampshire Society of Colonial Wars. Mr. Philip Wilcox of Durham, New Hampshire, their Governor, conducted the meeting at which Philip Marston, History Professor at U. N. H., spoke on "The Wentworth Family."

The Old School House has received a little safety treatment. The outside door has been reset to open outward, and an iron railing has been installed on each side of the outer stone steps.

The powder room in the Clark House has received an interior coat of paint, and a new linoleum floor covering.

We have received, among other items, two unusual gifts. One from the Tinker family, is the first piano brought to Wolfeboro. It was bought by Daniel Pickering for his daughter Caroline, who, in 1848, married Charles Rollins. The piano was probably made soon after 1835. Unfortunately it is not playable.

The second gift, another unusual one, is a modern upright Knabe piano given by the Misses Marie and Marguerita Robbins of North Main Street, and Cambridge. It will be very useful for singing at meetings in the Old School House.

We consider that we have had a very successful year. However, we have ended the year with an operating deficit of \$164.03.

Our program for next year is now in preparation. It includes two especially important meetings.

On June 27, the New Hampshire Association of Historical Societies will join with us for an all day program, including a lunch in the undercroft of the Episcopal Church. Representatives of some 35 Societies may be expected.

On July 6, the well known Boston archeologist, Roland Robbins will describe, with slides, some of his experiences in developing historic sites, and give particular attention to the possibilities of our local Wentworth Farm as a tourist attraction. The meeting will be held in the Carpenter School auditorium,

and will be open to the public, with special invitations to regional members of the Legislature, Historical Societies, the Chamber of Commerce, and local clubs.

It is planned to have the Museum open to the public next summer, every day except Sundays and holidays, between July 1 and September 12, from 10:00 A. M. to 12:00 M, and from 2:00 P.M. to 4:30 P.M. It is hoped that the donations from visitors will pay the hostesses' salaries something that has not yet occurred.

The Wentworth House pamphlet "Saga of a Palace," is still on sale by Wendell Berry, or at Black's, the Stationery Store, or Hall's Pharmacy. Copies of the Parker History Index are available from our Treasurer, Dr. Howard Sawyer.

Yours respectfully,
R. E. ARGERSINGER, Pres.
Wolfeboro Historical Society

Report of the Wolfeboro Permit Officer

The following types of permits were issued by the Permit Officer from June 6, 1963 to December 31, 1963:

New Houses	12
New Camps	14
Accessory Bldgs. & Garages	13
Additions	29
Signs	9
Altered or new use	3
60 Day Trailer Permits	3
Commercial Bldg	1
	<hr/>
Total	84

Enforcement: One Violator was brought before the Municipal Court and found guilty and fined \$200.00. The case has been appealed to Superior Court, Carroll County.

LAWRENCE S. TOMS
Permit Officer

Board of Adjustment Report For 1963

The Board of Adjustment, due to resignations early in 1963, saw three new members appointed to its rolls. In June of 1963 the Board reorganized its methods of operation and adopted by-laws in accordance with the provisions of the ordinances per RSA 31: 66-76. These rules pertain to election and duties of officers, conduct of meetings, handling appeals, records, and amendment of by-laws.

The Board held hearings for 17 cases of appeal. There were 12 cases approved 1 case given a temporary permit and 4 cases denied. We wish to thank all the people involved in these cases for their willing help and time given in order for the Board to make a just decision.

The Board charges a \$10.00 fee for each hearing and collected \$170.00 for hearing 17 cases. All of this money was turned over to the Selectmen as the Selectmen pay all the bills of the Board. The bills were as follows:

Carroll County Independent for advertising hearings	\$65 80
Joe Wigon — Office Supplies	10 22
W. Grant, Office Supplies	4 90
Charles Rogers, Office Supplies	7 50
	<hr/>
Total Expenses	\$88 42

Respectfully submitted,
THEODORE P. MALONE
Chairman

Fire Commissioner's Report

1963

As in past years your commissioners have sought to maintain and enhance the efficiency of the fire department. Accordingly, in cooperation with the Chief, several new items of equipment have been purchased and are now serving useful purposes.

It has long been felt that the department should supply the Chief with transportation, hence a new Chevrolet "2" was purchased from Hart Motor Company, Inc. Taking advantage of certain economies such as taxes, discounts, and other savings, the purchase price was reduced to \$1,849.00.

A new traffic light was installed at the corner of Center and Factory Streets as a safety measure to eliminate accident possibilities from fire apparatus entering Center Street. This light works in conjunction with the traffic siren at this intersection.

As a maintenance measure the interior of the station house was repainted and part of the exterior, where necessary. Also, a new linoleum was laid on the office floor.

In keeping with the new equipment program, 850 ft. of 2½ inch hose was purchased to replace that either destroyed or not able to withstand the annual test.

As an additional aid to suppression of gasoline and oil fires a new Foam Eductor and 40 gallons of Foam have been procured and are available when required.

Having been favored with excellent cooperation from all members of the Tuftonboro Departments, we have installed electronic equipment to provide for the alerting of Tuftonboro Call Firemen and actuating the Sirens at Mirror Lake and Melvin Village. This system installed in conjunction with the Wolfeboro Municipal System is of mutual importance to the Fire and Police Departments of both communities. The expense of this installation was born by the Town of Tuftonboro.

In line with our program of radio alerting of Call Personnel in outlying areas, five additional monitor receivers were purchased and will be installed in the homes of Call Men upon delivery. This will bring us up to 30 units in operation.

Your commissioners wish at this time to extend their sincere thanks and appreciation to the Chief and all personnel for their past and continued cooperation in making for an extremely efficient fire fighting force.

Special commendation is due the Town of Tuftonboro at this

time. The cooperation of the Town Officials, the Fire Wards, and the personnel of the Melvin and Mirror Lake Stations has been most excellent and provides the basis of a truly effective mutual aid effort.

Respectfully submitted,

ELLIS F. MILLER
FORREST J. DURKEE, SR.
EUGENE F. LEHNER, SR.

Chief Engineer's Report

To the Board of Fire Commissioners and the Inhabitants of the Town of Wolfeboro:

I herewith submit my reports for the year ending December 31, 1963.

The department answered a total of 100 calls of which 13 were box alarms, 5 engineer's calls, 2 brush fire alarms, and 80 still alarms. These calls were for 15 oil burner fires, 5 rescue and first aid calls, 4 out of town fires, 8 chimney fires, 8 caused by careless smoking, 9 smoke scares, 4 clothes dryers, 7 automobile fires, 12 electrical appliance fires, 3 out of town brush fires, 2 of undetermined origin, 5 gasoline spills, 11 for open burning of rubbish and grass, 2 children playing with matches, 1 false alarm, 1 grease fire, 1 lightning strike, 1 overheated furnace, and 1 thawing water pipes.

In answering these emergencies the department traveled 425 miles, used 3425 ft. of $\frac{3}{4}$ inch hose, 2200 ft. of $1\frac{1}{2}$ inch hose, 1750 ft. of $2\frac{1}{2}$ inch hose, raised 158 ft. of ladders, used 102 lbs. of Dry Chemical, and employed approximately 598 man hours of time.

The estimated value of buildings and contents, where there was over \$50.00 damage from fire, was \$192,300.00, the insurance carried on these properties was \$164,790.00, the estimated loss \$22,775.00, and the insurance paid for actual loss was \$20,496.00. One loss has not been completed.

During the extremely dry, high fire danger season in September and October, the roads of the town were patrolled afternoons and nights by members of the department with help from many volunteers.

The department inspected several buildings on request from the owners, checked some L. P. Gas installations, and completed inspection of 57 oil burner installations. Held drills in the schools and the dormitories at Brewster Academy, and assisted in the mass emergency admittance drill at Huggins Hospital. We had 3 joint drills with the Tuftonboro Fire Dept. on relay pumping and Tank Truck procedures for rural fire fighting. Ten members of the department attended the State Fire School at Fitzwilliams, N. H. and one member completed the 5 day training school at the University of New Hampshire.

I wish to thank the citizens of the town, the fire commissioners, the town officers, and the members of the fire department for their fine cooperation at all times and particularly during emergencies.

Respectfully submitted,
GUY L. FOSS

Report of the Forest Fire Warden

AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump—its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF THE COMMISSIONERS

OF THE MUNICIPAL ELECTRIC DEPARTMENT

Production

For the first time in fifty years the Department did not generate the complete requirements for electric power. Starting October 24 part of the load was purchased from Public Service Company of New Hampshire and by January 9, 1964 all power requirements will be purchased. A total of 8,381,900 kilowatt hours was generated and 1,150,900 was purchased.

Transmission Line and Substation

Construction of the transmission line was started shortly after the Town Meeting in March and was completed on schedule in July. Public Service Company of New Hampshire constructed, at no charge to the Department, 24,726' from Tuftonboro "4 Corners" to the Tuftonboro-Wolfeboro town line. The Department constructed the balance of the line, 18,779' to the substation. The following is a listing of the more important facts regarding the transmission line:

Length of line, in feet	18,779
Cost of Construction	\$50,655 57
Costs of Rights of Way	\$13,338 00
Cost per mile	\$17,992 75
Cost per foot	\$3 41

Although the transmission line was completed on schedule at a cost approximately \$1,500.00 under the estimate, delivery of the substation was delayed over 2 months by the manufacturer. Due to this delay it was necessary to generate the entire summer requirement.

The substation is located in back of Miss Garland's Property on Factory Street on land purchased from Ossipee Oil Co. It has a capacity of 3750 KVA which can be increased to 4500 KVA with forced cooling. The substation is protected by a chain link fence. Provisions have been included that will allow additional capacity to be installed when required.

Contrary to some rumors and the beliefs of some people the power plant will not be shut down nor will the labor force be eliminated. The rate structure under which the first 2700 kilowatts of power is purchased demands that the power plant be maintained in first class condition capable of carrying a load of 2700 kilowatts. The engines at the power plant will be run whenever it is more economical to generate rather than purchase; if the transmission line goes out of service; or during abnormal weather conditions.

Bell Shop

Plans for remodelling the Bell Shop to provide for office space, stock room facilities, and garage were postponed in favor of leasing the building to Malone Knitting Co. The Department has reserved the use of the basement until such time as other facilities are available.

An inspection of the building indicated that the heating system is leaking and should be replaced. Estimates for replacement of the boiler and component parts are included in the budget. A temporary repair was made by welding a patch on the leaking section.

New Regional School

The new Regional School being constructed in Wolfeboro will be an all electric installation. The school classrooms will be heated in most areas, by means of panels located in the ceilings. Water for showers and kitchen use will be heated by means of immersion heaters in large storage tanks. For the most part this water heating will be a controlled off peak load. The kitchen will be all electric.

Service to the school will be furnished at 4160 volts and will be metered at this voltage. The school district will provide and maintain the necessary transformers and other apparatus. The Department will provide meters to be used in submetering so that actual kilowatt hours used for general lighting, electric heat, electric cooking and electric water heating can be recorded and thus an actual cost can be determined.

The Regional School will be served under a new rate to be included in the Tariff of the Department. The rate is available to any customer meeting the requirements of the rate namely: the entire building will be heated electrically and so controlled that the peak demand will not occur at the same time as the system peak of the Department and an automatic night cut back system will be installed: the customer will provide and maintain the transformers necessary to utilize the Department primary voltage: and metering will be accomplished at primary voltage.

It is estimated that the 1,500,000 kilowatt hours will be used and that the peak load, occurring during January, will be 950 kilowatts.

Respectfully submitted,
EVERETT S. ALBEE
LESLIE N. ANDERSON
EDWIN R. CRAIGUE

AUDITORS' CERTIFICATE

We have examined the accounts and balance sheets of the various Town Officers. Our examination was made in accordance with the auditing standards as required by the State Tax Commission, and included such tests of the records and other supporting evidence we considered necessary. In our opinion the statements herein present fairly the results of the operations of the Town Officers for the year 1963.

91-91-91 National Guard Unit Call

HIGHWAY CREW

It was 5 A. M. when they hit the street --

Twelve hours ago and, man he's beat.

All day bucking a 10 inch snow

And they say she's dropping to 4 below.

Plow and shovel and start and stall,

Spread the salt, and heave and haul.

Twelve long hours on a man-sized chore,

And he won't be home for another four --

For the drifts still tower all over town

Though the snow has stopped and the wind's died down.

He'll miss his dinner and he knew he would

(It's a darn good thing the coffee's good!).

But dinner and sleep are the sacrifice

For taking the teeth out of snow and ice,

And he gets a kind of a lift somehow

To know that the city is moving now,

That the buses are making it when they're due,

That the Dads get home and the trucks get through,

That tomorrow the stores will be jammed all day

And the kids will be getting to school okay.

Bad weather's his job and his job is grim

But the streets get clear and it's thanks to him.

But thanks is a word that'll get no heed

When you talk to a guy of the snow-crew breed.

"Look, that's the job," is all he'll say.

It takes a man to feel that way.
